

InnoInvest (INO)

project: 2023 INO 0063

Grantee:

Schmuhl Faserverbundtechnik GmbH & Co. KG

Project Description:

Purchase of the 2K mixing and dosing system Zyp G-125A using PU foam. It is a process innovation optimizing established products and manufactures them more cost-effectively and in a more sustainable manner.

The project, supported by the Free State of Thuringia, was co-financed by funds from the European Union as part of the European Regional Development Fund (ERDF).
